

PRETB PTE LTD

PRETB Pte Ltd

A boutique commodity consultancy firm, specialized in enterprise risk management and strategic reframing. We offer intelligence consulting with a deep understanding of the trading world and risk advisory industry.

We bring together decades of front-line trading and supply chain experience into a compliance and risk management services platform with a strong focus on digitization.

We partner up with a variety of external advisory businesses to support you in the following ways:

- Development of technology solutions and businesses linked to trading and compliance markets in partnership with [Blockdoc](#) like Paper Trader
- Research and analysis – supported by partnerships with leading data providers as the [CME Group](#)
- Corporate and strategic intelligence projects in partnership with [Eagle Edge](#) in the field of COVID19 continuity programs
- Fully outsourced or part-managed risk management solutions in partnership with [Marex Solutions](#)
- Fully outsourced or part-managed CTRM solutions in partnership with [Tradesparent](#)
- Fully outsourced or part-managed compliance, investigative and reputational due diligence projects in partnership with [Valere Capital](#)
- Project management and other commercial support to larger advisory firms like the [BCG Group](#)
- Embedded consulting and investing in a range of industries in partnership with [AA Ventures](#)
- Content, educational and advisory services to corporate information providers
